Re : *Explanation of the Fluctuation in
Net profit after tax for the first quarter of fiscal year 2026 »*

To:

- State Securities Commission of Vietnam.
- HOCHIMINH Stock Exchange.

Based on Securities Law No. 54/2019/QH14 dated November 26, 2019;

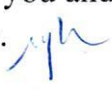

Based on Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance on information disclosure in the securities market;

Hydro Power Joint Stock Company - Power No 3 (Stock Code: DRL) The explanation for the decrease in after-tax profit in The first quarter of 2026 compared to The first quarter of 2025 is as follows:

No	Items	UoM	The first quarter of fiscal year 2026		%
			Previous Year	Current Year	
(1)	(2)	(3)	(4)	(5)	(6)=(5)/(4)
1	Commercial Electricity Output	Kwh	14,676,275	13,525,900	92%
2	Total Revenue	VND	22,566,465,340	21,647,201,481	96%
3	Total Expenses	VND	7,744,860,447	8,769,787,718	113%
4	Net profit after tax	VND	12,479,616,328	11,042,989,210	88%

Due to lower-than-expected water availability for electricity production in the first quarter of 2026, commercial electricity output decreased by 8% compared to the same period last year, This decrease in commercial electricity output led to a 4% decrease in revenue from electricity sales, During the period, several expenses increased according to government regulations, such as increased labor costs and forest environmental service fees, Therefore, after-tax profit in the first quarter of 2026 decreased by 12% compared to the same period last year.

Above is the Company's explanation of profit fluctuations in the first quarter of 2026, We respectfully inform you and commit that the above explanation is true.

Respectfully.
