

STOCK MARKET

VN-Index once again failed to conquer the threshold of 1,300. The index was pushed down by selling pressure to end the session at 1,278.1 points after rebounding to this threshold, down nearly 10 points compared to yesterday's session. Market breadth tilted to the negative side with 18/18 industries decreasing, of which the Real Estate industry decreased the most, followed by the Automobile and spare parts industry, Chemicals,... Regarding foreign transactions, today This block is net buying on HSX and net selling on HNX. The market today returned to a strong struggle at the threshold of 1,280. Investors should trade carefully in the coming sessions because the accumulation trend to bounce off the 1,300 threshold has weakened.
