

STOCK MARKET

The VN-Index moved its trading range upward above the 1,700 level today. At the close, the index settled at 1,716.47 points, rising nearly 19 points from yesterday. Market breadth was fairly balanced, with 14 out of 18 sectors advancing, led by the Oil & Gas sector, followed by Real Estate. Regarding foreign investors, they recorded net selling across all three exchanges — HSX, HNX, and UPCOM. Although the index broke to a new high today, the breakout lacked convincing liquidity support. Therefore, investors should remain cautious and wait for a clearer confirmation of the uptrend after surpassing the previous peak.
