## Market commentary

### EQUITY MARKET

VN-Index surged nearly 47 points today to close at 1,738.67. Market breadth was positive, with 14 of 18 sectors advancing. Real Estate led the gains, rising more than 6% on strong contributions from the Vin group stocks. Financial Services, Travel & Leisure, and Industrial Goods & Services also gained more than 2%. Foreign investors were net buyers on HSX and net sellers on the other two exchanges. A key positive was the clear improvement in liquidity, accompanied by broader participation across sectors. The recovery momentum may continue in the near term; however, it remains important to monitor whether capital flows can sustain their current strength in the coming sessions.
